

1SOT-2424 Base Station Antenna Designed for Long Distance Wireless Communications

Key Specifications/Special Features:

☉Designed for long distance wireless communications

☉Mounts easily for outside applications

☉Ideal for building-to-building communications

Gain (dBi)	24	Weight	2750g
Type	Grid	Mount	N/A
Polarization	Vertical		
Beamwidth deg.	Horz.25° Vert.23°		
SWR	$\leq 1.5 : 1$		
Frequency	2400~2485MHz		
Connector	N-Female		
Size	600×600 mm
